1. The following is an examiner's statement of reasons for allowance: For reasons consistent with that noted by applicants, the instant claims are allowable over the prior art. Specifically, the combination of (A), (B) and (C) in the claimed amounts is neither taught nor suggested by the teachings in Ghoshal. Patentees are silent as to a siloxane oligomer meeting (B). Upon an updated review of the prior art, the Examiner found Ghoshal 6,832,036. This reference does teach a composition containing the siloxane oligomer (B) but fails to teach or suggest the coating composition as claimed, specifically the addition of (A) and (C) as claimed. The Examiner also notes US 11/079,971, which is a CIP of the instant application. No obviousness-type double patenting rejection is appropriate in this application because 11/079,971 is a later filed application and the instant application is otherwise in condition for allowance. Currently claims 1 to 27 are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.
